This is a window of time for parents to bring their child to school to meet their teachers. Parents will stay with their child and help to introduce them to their classroom and teachers. Your child's teacher will contact you with your time slot during this window to bring your child so as to minimize crowds in the classroom.

Room assignments for all students will be made in August. You will receive a postcard from your child's teacher so you will know which classroom to go to for Meet Your Teacher Day.
